INTRODUCTION

The **New York State Assembly Expenditure Report** is a report of payments made by the Assembly, the Assembly Ways and Means Committee, and the Assembly components of Legislative Commissions. This report also includes payments made for the Joint Legislative Task Force on Demographic Research and Reapportionment, for which the Assembly handles administrative processing under agreement with the Senate.

The information used to compile the **New York State Assembly Expenditure Report** is based upon actual cash disbursements as recorded by the New York State Office of the State Comptroller, based upon New York State vouchers and payroll forms submitted by the Assembly for payment in accordance with the State Finance Law.

The **New York State Assembly Expenditure Report** includes detailed data regarding cash disbursements and allocated expenses for each Member of Assembly's office and each central staff unit of the Assembly. The data for each Member of Assembly's office combine payments for both Albany and District offices.

The cash disbursements and allocated expenses for each Member of Assembly's office and central staff unit are broken down into the following sections.

Personal Service Expenditures

In this section, salary payments made during the reporting period are listed. For Member of Assembly offices, the first listing(s) will include payments of salaries to the Member of Assembly pursuant to section 5 of the Legislative Law, and any payments of special allowances (listed as Leadership Stipend Payment) pursuant to section 5-a of the Legislative Law.

Following any salary payments to Members, each employee who worked in the office and received salary payments at any time during the reporting period will be listed, along with their service dates, job title, payroll type and total amount paid.

The service dates reflect the actual dates of service included in the payroll periods for which paychecks were issued during the reporting period. Since employees are on a "lag payroll", they receive their paychecks two weeks following the end of a particular pay period. The service dates will not match the reporting period because of the "lag payroll".

The Job Title listed for each employee reflects their most recent title.

The payroll type which is listed may be either Annual Full Time (A), Annual Legislative (L), Annual Part Time (P), Session (S) or Temporary (T), and reflects the employee's payroll type as of the end of the reporting period. Payroll types for employees are assigned in accordance with the **New York State Assembly Rules and Regulations Relating to the Crediting and Reporting of Time and Attendance**.

NOTE: If an employee ended service in a unit prior to the end of the last payroll period covered by this reporting period, the employee's payroll type will be listed as I (Inactive).

The total amount paid reflects the total gross amount of all paychecks received by the employee for the payroll periods during which the employee was assigned to the office. Any separate payments for unused vacation leave or deferred salary previously withheld which were made during the reporting period to employees who have ended their service with the Assembly are separately listed. If an employee worked for more than one office during the reporting period, the employee will have a separate listing under each office with the amount paid while working in that office.

Maintenance and Operations Expenditures

In this section, vouchered payments made on behalf of a Member of Assembly's office or central staff unit during the reporting period are listed, including the check date, voucher number, payee name, description and amount paid. The check date listed may be weeks later than the actual date on which goods or services were provided, depending on when the vendor's invoice was received and the length of time to process the invoice for payment by the Office of the State Comptroller. Since the Assembly combines purchases and invoices for multiple offices to obtain discounts and to promote administrative efficiency, the same voucher number may appear for several different offices. In these cases, only the actual amount paid on behalf of that particular office will be listed.

Payments for which the payee name listed is "Reimbursement" denote payments made from the Assembly's petty cash account which is maintained in accordance with policies promulgated by the New York State Assembly and the New York State Office of the State Comptroller.

Payments for which the payee name is "Chargeback" denote charges to or from the Assembly which are levied to or from other State government entities.

Payments for which the payee name is "Error Correction Voucher" denote corrections related to a voucher previously paid which was later determined to have an incorrect description.

Travel Expenditures

In this section, vouchered payments for travel by a Member of Assembly or employee are listed, including the check date, voucher number, description of travel and amount paid. The check date listed may be weeks later than the actual dates of travel, depending on when the Member of Assembly, employee or vendor submitted the travel voucher, and the length of time to process the voucher for payment by the Office of the State Comptroller. In most cases, the name of the Member of Assembly or employee is listed, indicating that the payment was made directly to the Member or employee. In some cases, a vendor's name will be listed, which indicates that the payment was made directly to a company (i.e. railroad, airline, travel agent, hotel) for travel expenses of a Member of Assembly or employee. Payments for which the payee name listed is "Travel Account - NYS Assembly" denote travel expense payments made from the Assembly's travel advance account on behalf of an eligible Assembly employee in accordance with policies promulgated by the New York State Assembly and the New York State Office of the State Comptroller.

Allocated Operational Expenditures

In this section, costs related to postage for mail sent from the Assembly Mailroom in Albany, long distance telephone calls from offices, and supplies issued from the Assembly Supply Room in Albany are listed which are allocable to each office. It is important to note that the amounts listed in this section reflect an allocation of costs previously paid for by the Assembly and reported as a Maintenance and Operations Expenditure by the appropriate central staff office (i.e. postage expenditures for mail sent from Albany are reported under Mail and Distribution; out of state long distance telephone expenditures for offices are reported under Office Automation and Data Processing; expenditures for supplies issued by the Assembly Supply Room are reported under the Supplies Unit).

The costs shown in this section are for informational purposes only, and do not reflect actual expenditures.
