FIGHTING FOR YOUR DOLLARS

I have been hard at work with my partners in Albany to help enact changes to benefit our economic future. You work hard, and you deserve a state that works hard for you.

Here are just a few of the proposals I am supporting

Savings While Shopping

I am supporting programs that eliminate sales tax on essentials like food and gas (A.7417).

Increase Health Care Savings

I want to assist New Yorkers with obtaining health insurance coverage and reducing health care costs (A.4545).

Encourage Development of Vacant Lots

I want to exempt homebuyers who complete improvements of more than \$15,000 from associated increases in property tax for a period of five years following the purchase of the home (A.7479).

Block Unfunded Mandates

I want to ensure this state does not impose unfunded programs on local governments, forcing them, in turn, to raise your property taxes (A.7798).

Expand Credits Earned

I want to support families facing financial crossroads by increasing the Earned Income Tax Credit while providing them the flexibility to choose how and when they receive this credit (A.2498).

Child Care Affordability

I want to increase the Empire State Child Tax Credit from 33% to 45% to help with the costs of everyday essentials (A.2492).
