

Assistant Speaker Félix W. Ortiz

WEEKLY REPORT

February 15th, 2019

ORTIZ SPONSORS STATEWIDE GREEN NEW DEAL

I introduced "Green New Deal" legislation to the Assembly this week. Climate Change has been repeatedly proven as a real threat to the environment and we've already seen the negative impact in our communities. The "Green New Deal for New York Act" (A.5334) seeks to make New York carbon emission free by 2030 and creates a task force to find ways to move the state from fossil fuel to renewable energy sources. SAFER NY ACT

Alongside advocates for the Safer NY Act, I talked about the need for greater police accountability. Gwen Carr, the mother of Eric Garner - a man who was killed in 2014 by police - joined me at the Capitol during at this press conference. While the Safer NY Act won't bring Eric Garner back, it can help bring greater transparency to our interactions with the police and help demonstrate that Black Lives Matter.
