

Rebecca Seawright

Dear Friends and Neighbors,

Every March, we celebrate Women's History Month to remember the remarkable women who have fought to give the next generation a better future. We stand on the shoulders of trailblazers who refused to accept the status quo and left their mark on our state and nation.

On International Women's Day, I was proud to stand alongside my colleagues and the first female Governor of New York to commemorate the progress women have made for our great state and nation. It is essential that we pass the "Children and Families Reinvestment Act," and fair pay for homecare workers in New York State to honor the hardworking women in the workforce. We must invest boldly in our workforce this legislative session.

The fight for equality extends beyond gender. The battle for workers' rights has been hard fought and has come a long way since the labor movement at the turn of the 20th century. However, working conditions would not have come so far without the dedication of the early activists who stood up against injustice and pushed for better working conditions, including the countless New York women who raised their voices for the working class. Whether in New York's garment industry or the domestic worker trade, these activists were integral in improving pay and working conditions for millions of Americans.

Don't forget daylight saving time is this Sunday, March 13. Please join us for one of the events we are pleased to sponsor:

WIESENTHAL INTERNATIONAL ADVOCACY INTERNSHIP

be **INSPIRED** to assume
RESPONSIBILITY
for the future

Applications are now open for the inaugural cohort of the Wiesenthal Center's Summer 2022 International Advocacy Internship. Modeled after its highly successful sister program, the Wiesenthal Government Advocacy Internship, this program will introduce selected participants to the mechanics of international policy making and development of next generation communal leaders who can have a true impact on that stage. The program will be based in New York City and open to all college and graduate level students.

Wiesenthal International Advocacy Interns will:

- ▶ Receive hands-on experience through internship placements in the office of national consulates, national U.N. missions, and international organizations.
- ▶ Participate in weekly intensive workshops with experts in the international areas such as consular officials, lobbyists, elected officials and Jewish communal leaders to develop the skills necessary to become effective activists and advocates.
- ▶ Be partnered with mentors who shape international policy decisions and actions to gain insight from their guidance and insider perspective.
- ▶ Receive a stipend of \$1,500 upon completion of the program.

DEADLINE TO APPLY: MARCH 15, 2022

The 2022 program will take all necessary COVID precautions and will run virtually if determined necessary.

To apply please go to:

Construction Advisory

COMMUNITY ADVISORY

PROJECT NAME: RECONSTRUCTION OF YORK AVE. COMBINED SEWERS & WATER MAINS

PROJECT#: SEN002169

BOROUGH: Manhattan

ADVISORY ISSUED: March 11, 2022

WATER SERVICE INTERRUPTION

**On E. 62nd Street between York Ave. and
1st Ave.**

**Sunday, March 13, 2022
8:00am For Approximately 8 Hours**

We are upgrading the infrastructure in your community. This water service interruption is necessary for the replacement of the 12" water main. On occasion, this work may be completed earlier and water service restored.

If you have any questions, concerns, or would like to learn more about this DDC Project, please call the Community Construction Liaison:

**Laura Rivera, CCL at 646-838-7942
or E-mail: yorkaveccl@gmail.com
DDC Video: on.nyc.gov/2YIiWbd**

During non-construction hours please contact 311 for non-emergency city services.

PLEASE NOTE: Due to unforeseen conditions (weather, field conditions, etc) it may become necessary to change some scheduled work locations and operations.

The NYC Department of Design and Construction is managing this project on behalf of the NYC Department of Environmental Protection.

Mayor

Thomas Foley, P.E.
Commissioner

Handling a temporary water shutdown

The NYC Department of Design and Construction (DDC) installs and repairs the underground pipes that deliver water in New York City. Some pipes are over 100 years old and need to be replaced. New types of pipes are more resistant to cracks and breaks. They will safely deliver high-quality water for decades to come.

To do this essential work, we have to temporarily turn off your water.

Your water will be turned back on at the end of each work shift.

BEFORE THE WATER SHUTDOWN

- Store water for cooking, cleaning, and other needs
- Shut off the water main valve in your house or building to prevent plumbing problems, including brown water from sediments (or ask your landlord or super to do so)
- Turn off water-cooled systems such as central air and heating

ONCE THE WATER IS BACK ON

- Turn on the building's water main valve (or ask your landlord or super to do so)
- Run all sink and tub faucets for 15-30 minutes to flush the plumbing

QUESTIONS OR CONCERNS?

If you have any concerns or questions, or would like to receive updates, please contact this project's dedicated **Community Construction Liaison**. If you will be uniquely impacted by this work, you may request a special accommodation, if possible.

Laura Rivera, CCL at 646-838-7942 or E-mail: yorkavecccl@gmail.com

ADDITIONAL INFORMATION

During non-construction hours, please call 311.

Please be advised, the water main installation is being performed on behalf of the sponsoring agency, NYC Department of Environmental Protection (DEP). If you have questions about water quality, please contact DEP.
