

**Assemblymember Harry B. Bronson**  
**Promises made**  
**and promises kept.**

# Assemblymember Harry B. Bronson promised to fight for our families, job creation and government reform — and that's exactly what he's done.

“While we have made great strides, there is still much to be done. I will continue my fight to create jobs, support middle-class families and enhance the quality of life here in Monroe County.”

## Assemblymember Harry B. Bronson

### Families

Lowered co-pays for seniors, cut taxes on the middle class and increased aid to Monroe County schools, libraries and community colleges

### Job Creation

Helped secure \$68.8 million for over 100 local economic development and job creation projects

### Reform

Helped pass bipartisan ethics reform to clean up Albany and passed on-time state budgets that reduced spending and closed a multi-billion dollar deficit without raising taxes, fees or added borrowing
