Assemblymember Jon D. Rivera invites you to One Big Beautiful Bill Info Session

The impacts of the Trump Administration's "One Big Beautiful Bill Act" will not be pretty for many New Yorkers. This recently enacted law significantly reduces federal funding for Medicaid and removes Affordable Care Act (ACA) measures, driving up uncompensated care costs for hospitals and other medical providers. **Around 1.5 million New Yorkers are expected to lose health insurance coverage with federal funds slashed for New York's Medicaid and Essential Plan programs.**

In partnership with 1199SEIU United Healthcare Workers East, Assemblymember Rivera is hosting an important community conversation about what's at stake and what we can do to protect care for our families, friends and neighbors.
